

CWR Lens

- Scaffold:
 - Literacy
 - Thinking
 - Understanding
 - Engagement
- Practice platform
- Assessment feedback

Scaffolds: questions, tips, definitions, examples, rubrics

Complex sources: photos, political cartoons, websites, videos

The screenshot displays the CWR Lens workspace. On the left, there are two rubric sections: 'Evaluate Reliability' with the question 'Is this source reliable as evidence about my topic?' and sub-points 'Identify provenance', 'Evaluate content', and 'Cross reference'; and 'Make Inferences-Surprise'. Below these are navigation links: '<< Previous web source', '>> Next web source', 'Return to activity', 'Return to original web page', 'View my notes', and 'View my work'. The main area features a video player titled 'Singapore government asked Google to block anti-Islam video - 19Sep2012' with a woman speaking. The video has a subtitle: 'to prevent any violent incidents from taking place.' Below the video is a text input area with a 'Save' button. The interface includes a top navigation bar with a home icon, a search bar, and a 'Save' button.
